The Corinth Sunday-school is arrang-ing to have May day exercises later in the month, the date of which will be ad-vertised in advance. The school here closed for the season on May 9th, and reports good work

average, both in scholarship and attendance.

The annual outing of the "Forty Jolly Fishermen," at Chickahominy Swamp, on Thursday was a great success. A flat car brought the jovial party, with a wagon leed of refreshments, dry and otherwise, from Richmond to Fair Oaks, where they were transferred to wagons for the remainder of the journey.

A very select dance was given at "Pine Grove" on Friday evening by the popular conductor, Charles Reid, who had invited guests from this and other communities, to the number of thirty couples. A fine orchestra discoursed sweet strains throughout the evening, to which the merry party tripped the light fantastic until a very late hour. Appetizing refreshments were served at midnight.

The following were out-of-town visitors at Seven Pines on Thursday: Adale S. Walker, Clarendon, Vt.; Jessie L. Reek, Now York city; Mr. and Mrs. Sullivan, St. John, N. THE TEACHER AND THE CITY.

By CHARLES F. THWING LLD.

President of Western Reserve University and Adelbert College

The teacher of the American public school is the most important force for the improvement of society. He represents the chief power recognized and constituted by the law for the enrichment and preservation of the State. The State determines the character of the men who shall practice law before its courts. The State also determines the character of the men, who, as physicians and dentists, shall practice their healing arts among the people.

The State turns over to the church the

sents religion; the government represents authority; business represents force; litterature represents truth; and personality represents inspiration. Leve, religion, authority; fruth, force, inspiration are mightlest forces constituting civilization and promoting its progress.

But these powers are the lowers which the teacher uses. The teacher represents the love of the family, in a teacher fail to love in the teach in the teacher uses. The teacher fail to love in the teacher if he be unable to see little bits of humanity, he has no right love. Be it said, too, that the teacher is a lover. He puts his own heart into the lives of these children.

The teacher also uses religion. I do not mean that the teacher should use the Protestant faith or the Roman Catholic faith, or any other faith. I recognize the obligation of the statute, but I do mean that religion represents the relation of monton of that ultimate reality. Concerning the notion of that ultimate reality people differ. One man says it is a person; another man says it is an impersonal power; but whatever it be, the teacher has a right to use a broad interpretation of that ultimate reality people differ. Respect and obedience to that relations the subject of the formation of that ultimate reality for the formation of that ultimate reality for the formation of that ultimate religion represents the essence of governmental authority. He represents the government, he is constitute by the government, the is constitute by the government, the is constitute by the government, he is constituted by the government; to the government, he owes allegtance. This officer of the law himself should so impress upon students the duty of respect for authority, that each shall become a better citizen, as well as a better man or woman.

SPLENDID RECORDS

Those Made at Richmond College Field

Day the Best Yet. There was great enthusiasm manifested at Richmond College field day Friday and some remarkable records were made. The contestants seemed especially pleased at the new system inaugurated by Mr. W. G. Williums, chair-an of the Field Day Committee, by which prizes were abolished and first, second and third honors awarded the victors by the fair sponson Mr. M. W. Spilman, who made such a phenomenal record, was fairly covered with decorations. There were sixty entries. As to the records:

Spilman made the hundred yard dash in 11 seconds. Heretofore the best time was 11-5 seconds.

R. A. Jordan heaved the shot 41 feet, 6 inches, smashing a past record of 35 feet 5 inches.
